Red Bear hand cleaner teams up with Alain Bergeron

Alain Bergeron, 2006 ESS champion, is proud to announce that **Red Bear hand cleaner** is joining Alain Bergeron racing team.

Red Bear Hand Cleaner is a new non-toxic, non-hazardous and petroleum-free hand cleaner that really works. **Red Bear's** deep cleaning action removes grease, grime, paint, ink, tar, adhesives, varnish and virtually everything else from hard-working hands. **Red Bear Hand Cleaner** is water activated, which over time cleans not only your hands but your sinks and drains as well, helping to prevent clogging and greasy build up, a common and unwanted side effect of petroleum and solvent-based hand cleaners. It's been said before, if your hand cleaner moves like jello, it's petroleum or solvent-based. **Red Bear** is used by automotive, airline, marine, railroad, printing, mining, jewelry, and many other industries. Because **Red Bear** contains no harsh chemicals to dry out your skin, we don't need to add lanolin or other moisturizing oils to our product. This means clean hands with no greasy residue. With Red Bear, getting really dirty hands clean is easier and safer than ever before.

Red Bear donates a percentage of its profits to conserving the habitats and populations of bears native to North America. There are three bear species in North America: Black Bears, Brown Bears, and Polar Bears.

For more information on **Red Bear** products, visit Red Bear website at www.redbearhandcleaner.com or stop at Alain Bergeron 8b trailer during race day.

Recall

In 2007, Alain Bergeron is in his 8th season with the very competitive series, the Empire Super Sprints (ESS). In 2006, the Saint-Pie native was crowned the 2006 ESS tour champion after a very good 2005 year as he finished in fifth place in the point standing and he had been champion of the 'Gater Racing News Lap Leader Award'

Bergeron was the first Canadian to win a Sprint Car race with the ESS in 2000. Sprint Cars are one of the most popular type of racing in the United States and at the end of the 2001 season, in his second year driving a Sprint Car, he had the most wins of any driver in the series with 3.

Racing with the ESS since only 6 years, Alain Bergeron is already in 18th position in the all-time winners list of the series. Throughout this season, we will inform you of his results and various news from Team Bergeron, while Alain will be on the road competing to the best of his abilities.

Alain Bergeron's hometown is Saint-Pie-de-Bagot and he is a former champion in Mini-Sprint and ATV, both on dirt and ice surfaces.
