ALAIN BERGERON

Alain Bergeron, the 2006 North America 'Empire Super Sprints' CHAMPION, has more than 17 years of experience. He started his career in ATV racing. He succeeded very quickly and during these four years, he won the championships on both dirt and ice surfaces.

Having reached his objectives in ATV racing, he orientated himself in the mini-Sprint class. Once again, he reached the top in taking the provincial championship from 1994 to 1997 and in finishing among the top three in American series.

Team Bergeron is a serious organization that realized the objectives fixed. With a limited budget, the team stayed competitive and the press often wrote on this.

Alain Bergeron never gave up, where some had with so limited financial resources. He looked forward, worked hard and the success was there. With a dedicated team that supports him day after day, week after week, Alain Bergeron has everything to be able to achieve his futures objectives.

A great team is helping Alain Bergeron. A regular core of persons prepares the car, travel with the team, take care of sponsors, Web site update and Press relations. Everyone is helping in his own field of competency. After each race, the next objective is to win the race to come and to improve the position in the standings of the championship.

Alain Bergeron is a driver who respects others and who is much respected, by other drivers and by the fans, a very important point for a company who wants to associate their name to a known personality.
